

MUFASIR AHAMED

DATA ANALYST

6361846815 | mufasirahmed55@gmail.com | [Portfolio](#) | [LinkedIn](#)

PROFESSIONAL SUMMARY

Results-driven Data Analyst with experience in data management and business intelligence at Swan Environmental Private Limited. Expert in SQL, Power BI, and Excel, with a proven track record of transforming raw server datasets into actionable insights. Adept at automating reporting workflows and maintaining high-integrity data pipelines to support executive decision-making

TECHNICAL SKILLS

- **Data Analytics & Visualization:** SQL (MySQL), Power BI (DAX, Interactive Dashboards), Advanced Excel (Pivot Tables, VLOOKUP).
- **Database & Tools:** Database Management, Git & GitHub, Microsoft PowerPoint.
- **Core Competencies:** KPI Tracking, Data Cleaning & Transformation, Automated Reporting, Data Quality Assurance.

PROFESSIONAL EXPERIENCE

Data Analyst – Data Management Focus

Swan Environmental Private Limited, Bengaluru

2025 - present

- Processed high-volume server datasets to generate daily analytical reports, reducing manual processing time through structured validation.
- Monitored critical server performance metrics, maintaining **99.9% data availability** for uninterrupted business operations.
- Conducted data quality audits on server logs, improving reporting accuracy and reducing inconsistencies by **15%**.
- Managed field engineers and assigned site tasks to ensure **100% accurate data transmission** from field systems to central servers.
- Collaborated with internal teams to automate **3 core reporting workflows**, enhancing data reliability for BI activities

EDUCATION AND CERTIFICATIONS

- **Bachelor's of computer Application(BCA) | Govt First Grade College Tumkur | 2024**
- [Data Analytics Certification](#) – LiveTech (2025)

PROJECTS

Bank Loan Analysis Dashboard (SQL, Power BI, Excel) ([Link..](#))

- Solved complex banking business problems by writing advanced SQL queries (including CTEs, Date functions, and Window functions) to clean, transform, and cross-validate critical financial metrics against Power BI visuals.
- Wrote advanced SQL queries (utilizing CTEs, Date, and Joins) to clean, transform, and cross-validate complex financial metrics against Power BI visuals, guaranteeing 100% data alignment..
- Segmented portfolio risk profiles via a "Good vs. Bad Loan" classification model, identifying a 13.8% default rate and a 13.33% average DTI ratio to empower stakeholders with data-driven lending and credit strategies.

Mahadev Ecommerce Sales Dashboard (Power BI, SQL, Excel) ([Link..](#))

- Developed an interactive Power BI dashboard to track Pan-India sales, adopted by stakeholders to increase decision-making speed.
- Identified the top 5 performing states via dynamic analysis, enabling a **10% shift in marketing focus**.
- Utilized SQL for advanced data transformation, increasing visualization accuracy and reporting quality

KEY ACHIEVEMENTS

Accenture North America – Data Analytics & Visualization Job Simulation (Forage)

- Cleaned, modeled, and analyzed 7 datasets to identify business insights and content trends.
- Delivered strategic recommendations for a hypothetical social media client using data storytelling techniques.
- Created a professional PowerPoint presentation and video summary to communicate findings to stakeholders effectively
